

SPARE PARTS AND ACCESSORIES FOR THE BRAIDED SECTOR

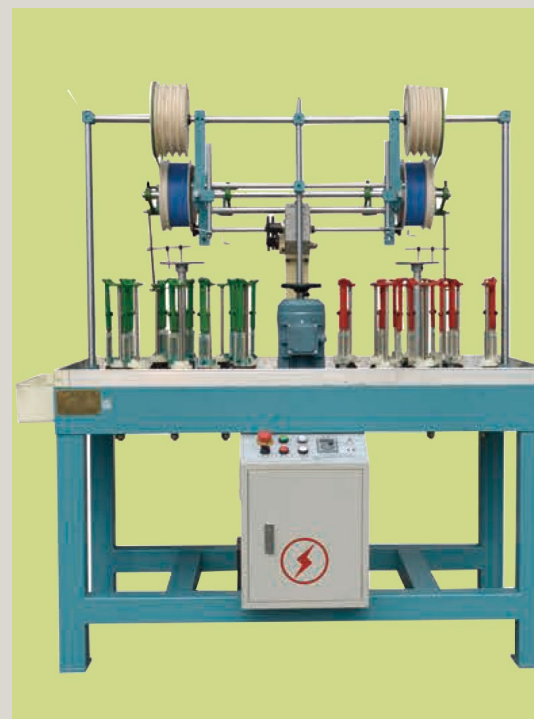

Weaving Success Together

ITG Group, a European company with international presence, arrived in Mexico more than 30 years ago to share its expertise in the industry and offer manufacturers a competitive option in spare parts and textile machinery.

Our international team is connected like threads, always working for your service.

Braiding machines

We offer you different options of machinery for the production of ropes and cords.

In addition to having complementary machinery for your production such as:

- **Winding machines**
- **Tipping machines**
- **Needle machines**

Thanks to our representation with **Henghui Braiding Machines**, our division in Mexico is your direct sales and service partner.

Sale of spare parts for machinery & accessories.

Wide range of good quality products at competitive prices.

Contact our consultants and ask for more details.
